

Still working for too little Mansfield MSA

Every employer should pay every employee at least enough to cover the basics. In Ohio, too many employers get away with paying a lot less: All of the 10 most common occupations in the Mansfield MSA paid their median worker less than the cost of living for a family of three in the area (\$81,848). Four of those occupations pay their median worker even less. 5,410 jobs in Mansfield pay their typical worker below the threshold for food assistance for a family of three; those occupations employ 10.2% of Mansfield workers.

4 of Mansfield top 10 occupations make too little

In order of number of jobs in the MSA

Largest detail occupations in MSA by employment. Red bar indicates annual income below 130% of poverty for a family of three in 2025, (\$34,645), the threshold for food assistance.

A more comprehensive table with the occupational estimates and wage statistics is available at the bottom of this document.

This report covers the 10 most common jobs in the Mansfield Metropolitan Statistical Area (MSA),* ranked by number of jobs.

Mansfield has fewer jobs across all occupations than in 2024

Compared to 2024, Mansfield has 320 fewer jobs overall, with 380 more jobs across the top 10 occupations. While wages have increased nominally for most of the top occupations since 2024, five of those occupations saw wage decreases relative to the poverty line.

To ensure Ohio's economy works for everyone, policymakers should:

- [Raising the wage floor](#) with an indexed minimum wage of at least \$15 per hour.
- Supporting working people by [strengthening union protections](#).
- Shoring up the state budget by returning to a progressive income tax, where the wealthiest Ohioans and corporations pay their fair share.
- Fully funding the public goods that are the bedrock of shared economic prosperity, like education, childcare, health care, and a strong unemployment system.

* Mansfield MSA contains Richland county with a population of 125,099.
